

PRODUCT	PART NUMBER	DESCRIPTION	FEATURES	NOTES
SRI	9901-31301-00	Analog Input Card for Stage Rack	8 balanced analog mic/line inputs. High fidelity preamps with 50dB of gain.	48V phantom power and signal presence LEDs for each connector
SRO	9901-31303-00	Analog Output Card for Stage Rack	8 balanced analog line-level outputs. Signal presence LEDs verify correct routing.	Features output muting relays to eliminate power-on transients.
DSI	9901-55204-00	Digital Input Card for Stage Rack	Provides 8 channels of digital input	Connect via 4 AES/EBU XLRs or a single ADAT optical port.
DSO	9901-31303-00	Digital Output Card for Stage Rack	Provides 8 channels of digital output 4 AES/EBU pairs + ADAT optical interface.	The ADAT interface mirrors the AES outputs.
IOx	9901-31691-00	Digital & Analog Expansion Card of FOH Rack	Provides 8 AES inputs and outputs for digital integration of outboard gear at FOH.	Also adds 8 additional analog inputs and output on 1/4" TRS jacks.

SRI Analog Input Card

SRO Analog Output Card

DSI Digital Input Card

DSO Digital Output Card

IOx FOH Expansion Card
